Man Running Amuck Does Awful Work of Death.

### KILLS FOUR PERSONS

Because He Believed Party Had Him Shanghaied While a Sailor Robinson Wreaks Vengeance on Several and Suicides.

San Diego, Cal., May 16.—William P. Robinson, a house cleaner, ran amuck in this city Monday, killing four persons, wounding one other and inflicting serious injury to still another, and then blew out his own brains. The four killed met almost instant death. The dead: William Stewart, Mrs. Emma Stewart, H. W. Chase, Harry Doddridge, W. P. Robinson. Mrs. W. P. Doddridge was wounded, and W. P. Doddridge injured. At first it was supposed to be the work of a liquor-crazed man, but it was later stated that Robinson had been heard to make threats against Doddridge, who, he claimed, had once been engaged in an attempt to have him shanghaied when he was a sailor. It is said, also, that he had expressed a dislike for the Stewarts. Robinson had relatives living at Riverdale, Ind.

### DEPOT OPENED.

Atlanta's New Passenger Station Is a Most Magnificent Structure.

Atlanta, May 16.—An event of unusual importance and interest to the public, especially to the railroad world, was the opening of the new passenger terminal here Monday. The palatial structure is one of the most magnificent in the United States, and cost \$1,500,000. The structure is capacious and modern in every respect. The first train to enter the new station was the Southern railway's United States fast mail from Washington, New York and the east. The station will be used jointly by the Southern railway, Atlanta and West Point railway and Central of Georgia railway. A reception for the inspection by the general public was held by the management of the terminal company in the new station, and many of Atlanta's most prominent business and professional men were present.

### NATIONAL BAPTISTS.

Meet in Annual Session and Have Important Matters to Discuss.

St. Louis, May 16.—The national Baptist anniversaries of 1905 convened in annual session at the Third Baptist church Monday night, and the meetings will continue until May 23. These anniversaries are held by the three foremost Baptist organizations—the American Baptist Home Missionary society, the American Baptist Missionary union and the American Baptist publication society—and a number of minor organizations of the church hold their meetings during the progress of the anniversaries. The meeting is notable for the fact that it will be accompanied by the first gathering of the general Baptist convention ever held, called to discuss several important propositions, the foremost of which is the project to organize a triennial Baptist convention. About 3000 persons are expected to attend.

### CHURCH STRUCK.

Lightning Hit the Building and Eighteen Persons Injured.

Richmond, Va., May 16.—While the Rev. W. R. Runaway of Ashland was exhorting his hearers at Cool Springs Baptist church, Lee, Va., to take Christ as their leader in time of storm lightning struck the building and injured eighteen persons, several of them seriously, besides splintering a part of the floor, tearing a hole through one of the pews and causing a panic among the congregation.

### Pleaded Guilty.

Cleveland, O., May 16.—L. P. Ohlger, ex-president of the closed Wooster, O. bank, pleaded guilty before Judge Taylor in the United States district court to a count of the indictments charging him with having issued a draft when there were no funds in the bank to meet it. Judge Taylor sentenced Ohlger to eight years' imprisonment in the Ohio penitentiary. Ohlger is an ex-congressman, ex-county treasurer, postmaster at Wooster under President Cleveland's first term and collector of internal revenue under Cleveland's second administration.

### Sailed Northward.

Saigon, Cochinchina, May 16.—The Russian fleet which reappeared off Hon Kane Bay, a short distance north of Kamranh Bay, sailed northward early in the morning of May 14. No warship has since been sighted there. Admiral Jonquiere, the French naval commander at Saigon, telegraphs from Nha Trang Annam that he has visited all the bays as far north as Kamranh and found no Russian vessels.

### No Longer a Basis.

City of Mexico, May 16.—The government has forbidden banks to hold silver bars as a basis of note issue, bars being no longer at the option of holders and capable of conversion into pesos.

For the first Time Since Before Civil War Get Together.

### THOUSANDS PRESENT

Four Prominent Organizations Hold Meetings at the Missouri Metropolitan in Addition to the National Convention.

St. Louis, May 16.—The general Baptist convention, participated in by Baptists of the north and south and marking their first joint meeting since ante-bellum days, began here Tuesday, being presided over by E. W. Stephens of Columbia, Mo., the newly elected president of the Southern Baptist convention. More than 1000 visitors were present to attend the national Baptists' anniversary of 1905, of which celebration this convention is part, and it is expected that 2000 more will arrive within the next two days. The general convention, which will conclude May 23, will comprise meetings of the following various organizations: Home Missionary union, Woman's Foreign Missionary society, American Baptist Historical society and American Baptist Publication society. Tuesday's session was of a preliminary character and mostly devoted to the presentation of reports and general discussions.

Governor Folk of Missouri delivered the address of welcome. Rev. G. W. Truett of Dallas, Tex., made an address on "The Unity of Baptist Spirit."

Then followed the closing session of the Woman's Baptist Home Missionary society, which convened in open session Monday night.

### SCHOOL CHILDREN'S STRIKE.

President of Education Board Says It Will Be Sternly Dealt With.

Chicago, May 16.—The strike of school children, who have quit their desks by the hundreds in sympathy the silken cord and exposed the statue dealt with sternly, according to President Clayton Mark of the Chicago board of education. The children's strikes have followed the use of non-union teamsters by boycotted firms in delivering coal at the public schools. It is alleged that in many cases the parents, rather than the children, are responsible for the strike. Arrest and prosecution are threatened by the board of education as the punishment for parents who permit their children to go on strike in schools. Many inspectors are to be placed at the disposition of the Superintendent of Compulsory Education Bodine to report cases where parents have violated the laws. After a conference with Bodine, Superintendent Cooley, Trustee R. A. White and attorneys, Clayton Mark, president of the board, has issued this statement: "The law requires parents to keep their children in school. It also requires the children to attend school and obey the rules thereof. The law will be strictly and promptly enforced against parents for failure to send their children to school and against children for failure to attend and obey the rules of the school."

Big consignments of strike-breakers arrived Tuesday. Three hundred white and negro men came from St. Louis. They were recruited at Louisville, Evansville and other Ohio river towns. The men marched to the barns of the Chicago Teaming company, Jackson boulevard and Franklin streets. Another large gang came from Cincinnati. Nearly a score of whites deserted after they reached the city, declaring they were not told there was a strike on here. T. C. Baker, one of the deserters, complained that the two passenger cars in which they were brought to Chicago were locked during the entire trip.

More than 100 messengers boys employed by the Postal Cable Telegraph company paraded the streets. The boy strikers occupied themselves chiefly in shouting at non-union teamsters.

The strike of school children assumed larger proportions Tuesday morning, when 1500 pupils of the Graham school, Forty-fifth and Union streets, refused to enter the building. According to the school officials, no "unfair" coal has been delivered at the Graham school. The authorities declared there is no apparent reason for the strike. The youngsters became so disorderly that fifty of them were arrested by the police and put in jail. The others with great celerity disappeared from the streets.

Lampasas, Tex., expects to receive 900,000 pounds of wool. Sheep shearing is in progress.

Body of Mabel King was found sitting in a chair at Oklahoma City with a pistol lying near by.

Marcine Torres, charged with criminally assaulting a little girl near Pleasanton, Tex., pleaded guilty.

National Association of Car Managers, in session at Washington, elected C. B. Peek of Houston president.

The seventeen-year-old daughter of George Lands drowned while trying to cross Holland creek, in Grimes county, Texas.

### THE NOBLEST THEME.

My harp had many varied themes,  
When'er I woke its power;  
It warbled idly, as in dreams,  
Of woodland, brook and bower;  
It breathed in gilded halls of mirth  
And sang of starry eyes;  
But now, in strains of nobler worth,  
Let living numbers rise.

Away! ye themes of transient joy,  
A loftier song is mine,  
For I will all my powers employ  
To sing of Love Divine.  
O, Love Divine, how sweet thou art!  
How genial are thy rays!  
That warm to life my frozen heart,  
And tune my harp to praise.

The Sun of Righteousness has risen,  
With healing in His wings;  
His light illumines the soul's dark  
prison,  
And to the captive brings  
Release from thrall, surcease of pain  
The joy of sins forgiven;  
It cleanses him from every stain  
And makes him fit for Heaven.

Then let the thrilling chords re-  
sound,  
While the celestial choir  
Responds with melodies profound,  
Instinct with heavenly fire.  
Three angels bright attend on me,  
Descended from above:  
Faith, Hope and Love in one agree;  
But greatest of these is Love.

For murder, \$100 to \$500.  
Knockout, where victim is sent  
to hospital, \$25 to \$100.  
Leg or arm broken, \$10 to \$50.  
Eye gouged out, \$10 to \$25.  
Plain beating, if any bones broken,  
\$5 to \$15.

### NOT LEGAL.

It is not generally known that a  
verdict of a jury arrived at by lot  
is not legal. A jury in county  
court last week could not agree on  
the amount the defendant should  
be fined, whereupon they agreed  
that each man should hand in his  
estimate of what the fine should  
be and then divide the total  
amount by the number of jurors,  
and return the average thus ar-  
rived at as the verdict. This was  
the case of Thurman Sexton, and  
the verdict was \$254. This method  
is illegal and the defendant will  
perhaps get a new trial on the  
strength of it.—Comanche Chief.

### FEARED SAME FATE.

Cut His Throat With a Razor and Died  
Two Hours Later.

Chicago, May 16.—Fear that he would  
meet the same fate as C. J. Carlstrom,  
the woodworker who was killed, it is  
alleged, by "sluggers," has led John  
Mitterman to kill himself. Mitterman  
cut his throat with a razor while  
standing in the street opposite his  
dwelling. He died two hours later at  
a hospital, raving against the unions.  
Mitterman, up to and after the time of  
the strike, was in the employ of Fred  
L. Meckel, in whose shops Carlstrom  
worked. He was one of the men on  
the list of those to be "slugged," of  
whom Carlstrom was the first. The  
fact that he was to meet the fate of  
Carlstrom so preyed upon Mitterman's  
mind that he sent a letter to Mr. Meckel  
a week ago, saying that he had been  
followed by "sluggers" and was in fear  
of his life.

An investigation is being made by  
the police.

### Officially Informed.

Washington, May 16.—Count Cassini,  
Russian ambassador, has officially in-  
formed the Washington government of  
the appointment of Baron de Rosen  
as ambassador to the United States.  
He has advised his government that  
the appointment is entirely agreeable  
to the president.

### SEVEN ARRESTS.

That Number of Persons Have Been  
Taken Into Custody at Athens, La.

Shreveport, May 16.—As a result of  
the investigation conducted by Gov.  
Blanchard into the lynching of Dick  
Craighead, and a white man, who was  
shot to death in his cell in Homer jail  
by a mob of unmasked men last month,  
seven arrests have been made at Ath-  
ens.

A special from Gibbsland gives the  
names of the parties under arrest as  
follows: Crump, Yearly, Kilgore, Dance  
and three Wilson boys, who are broth-  
ers of Mrs. McGee, the woman whom  
Craighead is alleged to have murdered.  
The arrests have caused a sensa-  
tion. Craighead is said to have given  
the names of two or three of the mob,  
and the name of one other was given  
by another prisoner who witnessed the  
shooting.

### FATAL TEASING.

Young Man Has Skull Fractured by a  
Steel Rod.

Shreveport, May 16.—John Tete, son  
of Judge Tete, of the Second ward of  
this parish, was perhaps fatally injur-  
ed while teasing an Assyrian shop-  
keeper at Vivian, near this city. Tete,  
who is twenty-two years of age, was  
annoying the Assyrian, when he punch-  
ed him a blow on the head with an um-  
brella. The steel rod fractured the un-  
fortunate young man's skull and pene-  
trated the brain. His chances for re-  
covery are slim.

### SLAIN AT ENTRANCE.

Prominent Young Man Shot Down in  
Front of a Hotel.

Yoakum, Te., May 16.—A sensa-  
tional killing occurred here Tuesday  
morning. E. S. Mason, a prominent  
young man, was shot while standing  
at the entrance of the Lane hotel.  
Shortly after N. A. and L. A. Newman  
were arrested. They said that each had  
fired with a Winchester at the same  
time on Mason. The latter was shot  
in the head and through the body. The  
Newmans allege that Mason was re-  
sponsible for the conditions of their  
sister, who died recently and in con-  
nection with which a physician was  
arrested charged with abortion.

### COMMISSION CONVENES.

Hears Two Cases and Takes the Same  
Under Advisement.

Austin, May 16.—The railroad com-  
mission was in session Tuesday. The  
application of Max Hahn Packing com-  
pany of Dallas for carload rates from  
that city to points on the Katy was  
heard and taken under advisement.  
The commission then took up the  
question of a double daily train service  
on the Galveston, Harrisburg and San  
Antonio railway west of San Antonio.  
Former Congressman Ball, who ap-  
peared for the railroad, contended that  
it would cost over \$100,000 annually  
to place and maintain a double service  
and the revenues of the road would not  
justify it. The case was taken under  
advisement.

### FORT WORTH INDIGNANT.

Citizens Displeased at the Census Re-  
port That Was Given Out.

Fort Worth, May 16.—This city is in-  
dignant at the recent report made of  
the census of Fort Worth and other  
cities of the state, which is declared  
full of inaccuracies. The city council  
will provide for taking another census.  
The report of the government gives  
Fort Worth 27,000 population, an in-  
crease in four years of only 272. The  
population is placed at nearly 50,000.

### HELD AT WACO.

Woman's Board of Missions of Chris-  
tian Church and Educators.

Waco, May 16.—Woman's board of  
missions of the Christian church and  
the educators of the denominational  
schools met here with a large attend-  
ance. G. Lyle Smith delivered the ad-  
dress of welcome and J. B. Holmes re-  
sponded. An interesting address was  
delivered by C. D. Meigs, superintend-  
ent of International Sunday school  
work.

At the meeting of the Woman's  
board of missions Mrs. Ida Jarvis,  
president of the board, delivered her  
annual address. Mrs. F. H. Marshall  
spoke on "Why We Welcome You," and  
F. L. Jewell made an address.

### FORREST'S MONUMENT.

Great Confederate Cavalry Chieftain  
Remembered by Countrymen.

Memphis, May 16.—Amid strains of  
martial music and in the presence of  
thousands of citizens and visitors the  
statue of General Nathan Bedford  
Forrest, the south's great cavalry lead-  
er in the Civil war, was unveiled here  
Tuesday in the park that bears his  
name. Incoming trains Monday night  
and Tuesday brought large crowds to  
participate in the ceremonies. Old vet-  
erans wearing uniforms of gray ming-  
led with younger folks and all went  
to Forrest park early. A military pa-  
rade was formed down town and  
marched to the park. The cavalcade  
was witnessed by large throngs of  
people. Episcopal Bishop Gallor of  
Tennessee delivered an invocation.  
General Carnes delivered an address  
giving history of the monument, which  
is a heroic equestrian statue. General  
George W. Gordon next followed with  
a dedicatory address. General Gordon's  
speech was listened to with marked at-  
tention and his eulogy of the "wizard  
of the saddle" repeatedly cheered.  
Mayor Williams then accepted the  
monument in the name of the city of  
Memphis.

Little Miss Bradley, a great grand-  
daughter of the dead chieftain, pulled  
General Carnes delivered an address,  
to the view of thousands.

### EIGHT-HOUR DAY.

Job Printers of Chicago and Employers  
Discuss the Issue.

Chicago, May 16.—The first skirmish  
in a fight for an eight-hour day is on  
between the job printers and their em-  
ployers. Conferences during several  
days culminated in a meeting between  
a committee from Typographical union  
No. 16 and the Chicago Typothetae.  
There are 2400 job printers in Chicago,  
and they compose the advance guard  
of all union printers in this country  
who are seeking to establish the eight-  
hour working day by Jan. 1 of next  
year. They have a plan of gradual  
reduction of hours which provides for  
the shortening of the time by twenty  
minutes every three months until next  
January. Employers are asked to  
agree to this proposition.

### STATEMENT FILED.

Minister Bowen Has Replied to the  
Charges Made by Loomis.

Washington, May 16.—Minister  
Bowen called on Secretary Taft and  
filed his statement in reply to Assistant  
Secretary of State Loomis' charges and  
also bearing upon charges against Mr.  
Loomis which he transmitted to offi-  
cials here. Mr. Bowen informed Sec-  
retary Taft of the existence, on file  
in the state department, of certain pa-  
pers in the case. The papers were  
sent for and were turned over to Mr.  
Bowen for consideration. He will re-  
turn these papers in a short time with  
a statement showing their significance.  
It seems these papers were sent to the  
state department some time ago. Their  
exact nature is not known, but it is  
understood they are copies of certain  
papers found by Mr. Bowen at Caracas  
connected with charges afloat there.

## Pawnbrokers in China.

Pawnbrokers in China are the bankers of the people and could not be dispensed with. The poor Chinaman, unlike the poor European, does not wear his winter clothes until they are fit only to be discarded. When the Chinese officials order that summer clothing shall be donned, the poor Chinaman pawns his winter's suit, and with the proceeds, supplemented by a little cash, he redeems his previous summer garb or buys new attire. Pawnbroking, writes Mr. Cunningham in the Chinese Soldier, is to the respectable Chinaman of limited means a weekly round.

## The Public Drinking Cup.

When it is necessary to relieve one's thirst abroad, if the cup be filled quite full and placed to the mouth in such a way that the rim will be about half an inch below the under lip, one can drink from the surface of the water. In this way no part of the vessel, to which some particles of poisonous matter may still be clinging, will touch the delicate skin of the lip. It is hardly necessary to add that the water which adheres to the mouth and below the lips should be removed by a handkerchief and not by the tongue.

## HOW GERM DISEASES START

People with Weak Stomachs in a Continual State of Danger.

Nearly all disease germs that find lodgment in the system gain entrance with the air we breathe, or through our food and drink.

If the stomach and digestive organs be weak, so that food does not readily digest, they will contain a sour, slimy fermenting mass, an ideal spot for the disease germs to grow and spread through the whole system.

People with a weak stomach are in a continual state of danger, and they should use the best means, Mi-o-na, to strengthen that organ and tone up the whole digestive system. This remedy is a certain cure for all diseases of the stomach excepting cancer. Used before each meal, it so strengthens the whole digestive system that you can eat what you want and all you want without fear of indigestion. There will be no fermentation of food, and the stomach and intestines will be so clean and pure that disease germs cannot possibly live, when Mi-o-na is used.

If you suffer with headache, backache, variable appetite, nausea, gnawing at the pit of the stomach, sallow skin, heart-burn, furred-tongue, sleeplessness and general debility, it shows that the stomach has been overworked and weakened. A fifty cent box of Mi-o-na tablets will give quick and speedy relief.

Ask E. J. Jenkins, one of the most reliable druggists in Bryan, to show you the strong guarantee under which he sells Mi-o-na.

## RESOLUTIONS.

It is indeed a source of great pleasure to offer the following resolution in recognition of the great services of our distinguished evangelist, H. R. Wilson.

Whereas, There has been unity between him and the pastors and unity between the pastors and their flocks and the assistant ministers; and

Whereas, we recognize the ruling hand of God working through this great combine; be it

Resolved, First—That we, the entire christian family, feel proud of this ministerial giant and commend him to the brotherhood of the state for his assuming manners, his bold denunciations, and his eloquent discourses.

Second—Whereas, we believe the spirit of the Lord is upon him and has anointed him to publish the message of peace, and whereas, since he has been in our city he preached Christ crucified.

Resolved, That we continue to ask the Father to guide him, make him

strong, and crown his labors with success.

Resolved further, That the colored citizens of Bryan have so recognized this man of God because of his deportment, and, whereas, God has given him success in the meeting just closed;

Resolved, That the ministry in this city extend to him heartfelt thanks; bid him God speed, and look forward to the day when he shall come again.

Resolved further, That a copy of these resolutions be furnished the evangelist as a memento of our love and respect for him.

### SULLY SPOKE.

"You of the South hold the Balance of Power of Every Industry."

Atlanta, May 16.—With a stirring address by Daniel J. Sully of New York, the fifth annual convention of the Georgia Industrial association came to a close. The following officers were re-elected: F. B. Gordon, president, Columbus; H. P. Meickleham, vice president, Landale, and Charles D. Tuller, secretary and treasurer, Atlanta.

In his address before the convention Mr. Sully said among other things:

DANIEL J. SULLY.

"You of the south hold the balance of power of every other industry in every and all parts of the civilized world. Do you suppose for one moment that the millions made in cotton would amount to anything except for farmers? To compare the profit of farmers to that of those who make profit after receiving raw material is to compare the cotton plant with the red tree of California. And shall listen to that vile, atrocious insult that the low price of cotton is the honor of the United States as well as to you growers of cotton? With prices at 15, 16, 17, 18 and 20 cents for cotton to farmers our spinners would be benefitting yourselves and other people throughout the world."

### Selborne at Cape Town.

Cape Town, May 16.—Lord Selborne, the former first lord of the British admiralty and successor of Lord Milner as high commissioner of South Africa, has arrived. He received an enthusiastic welcome. Replying to the mayor's address of welcome Lord Selborne said he desired to help all those who wished for peace, prosperity and progress of the country. He would not shrink from taking his share in their common task entrusted to them.

### SIX INDICTMENTS.

Four Citizens of San Antonio and Two  
of Houston Under Bond.

San Antonio, May 16.—In the Federal  
court six persons, four San Antonians  
and two residents of Houston, indicted  
in connection with the lottery cases.  
The bond for each individual hereafter  
arrested will be fixed at a similar  
amount. Those who gave bond were  
Jens W. Taub, Houston; Otto Taub,  
Houston; Mortimer J. Hewitt, Ernest  
Lafitte, John H. Scheibert, Samuel J.  
Tennant, San Antonio.

### EXPERT BANK CLERK.

Number of Persons Are Desirous of  
Securing the Position.

Austin, May 16.—The commissioner  
of insurance is being besieged with ap-  
plications for the new clerkship allowed  
him under the provisions of the state  
banking law. The place is that of expert  
bookkeeper and banking clerk, and  
the annual salary is \$1350. The law  
does not become effective until Aug. 1,  
and the appointment will not be an-  
nounced until near that time, though  
the selection is said to have been made.

### Rio Grande on Big Rise.

El Paso, May 16.—The Rio Grande  
river is on a big rise. The river changed  
its bed near Las Cruces, N. M., in-  
undating many acres of land and de-  
stroying a canal which produced water  
for other property irrigation. As a  
new ditch must be built for a distance  
of three miles, it is believed that the  
present crop will be lost before it can  
be watered again.

### Carload of Silver Dollars.

El Paso, May 16.—A carload of silver  
dollars, consisting of sixty-nine  
boxes, and containing money to the  
value of \$249,000 gold, passed through  
en route from Mexico to San Francisco  
for exportation to China. The silver  
occupied an entire express car, and is  
said to be the largest exportation of  
silver dollars ever made from this coun-  
try.

### EARLY END.

Employers Predict This, but Several  
Labor Leaders Do Not So Say.

Chicago, May 16.—As a result of  
Monday's developments in the team-  
sters' strike the employers predict its  
speedy end, while labor leaders assert  
that the strike will spread and will be  
aided financially by unions all over the  
country. An appeal for funds has been  
sent out by President Gompers of the  
American Federation of Labor, which  
gives color to the latter conclusion.

What the employers take as a sign of  
the end of the strike was a telegram  
sent by President Shea of the Team-  
sters' union to President Gompers.  
The message arranged for a meeting  
of the executive board of the American  
Federation of Labor to be held in Chi-  
cago near the end of the present week.  
President Shea also telegraphed the  
members of the executive board of the  
International Brotherhood of Team-  
sters to come to Chicago forthwith.  
These officials will have the final word  
in calling or putting an end to a strike  
of the Teamsters' organization. They  
are the same men who were called to  
Chicago last year to put an end to the  
strike of the teamsters at the stock  
yards and it is believed by the em-  
ployers that they have now been sum-  
moned for a similar purpose.

The employers Monday operated  
2000 wagons, practically without inter-  
ference, many of the deliveries in the  
residence portion of the city being  
made without police protection. It is  
asserted that the number of wagons  
in service Monday will be increased  
by 250.

A practical armistice in the strike  
was declared, to last until the officers  
of the International Brotherhood of  
Teamsters meet here.

### More Miles of Railway.

Baltimore, May 16.—In an article in  
the last issue of the Manufacturers'  
Record, Edward Atkinson of Boston  
says 40,000 additional miles of railway  
must be built in the next four years  
in order to even bring certain sections,  
especially Texas and the southwest,  
up to any sort of approach to the con-  
ditions of those parts of the country  
which have an average of one linear  
mile of railway to each six square  
miles of territory.

### Arrested at Fort Smith.

Fort Smith, May 16.—A man named  
Powell was arrested by Chief of Police  
Fuller in connection with the killing  
some months ago of Sheriff Russell on  
a train near Hugo, I. T., while two men  
were being taken to Sherman, Tex., to  
answer a charge of stealing \$2000 worth  
of silks.

### Shot Through the Heart.

Coalgate, I. T., May 16.—As the re-  
sult of a quarrel here Hiram Bolen, a  
blacksmith, was shot through the heart  
and instantly killed. Harry Whitledge  
was arrested and jailed at Atoka.

prominent and wealthy Cherokee In-  
dian, shot and seriously wounded Hen-  
ry Tel, his son-in-law. Ross lives about  
eight miles east. He opposed the mar-  
riage of his daughter to Tel, which took  
place here about one year ago, and  
gave her a horse to break off the en-  
gagement about a year ago, and that  
this horse was the cause of the trouble  
which resulted in the wounding of Tel.  
Ross used a double-barreled shotgun,  
and the charge took effect in Tel's right  
side. Dr. Williams of this city, who is  
attending the wounded man, says he  
will probably recover. Ross is about  
sixty years of age and Tel about twen-  
ty-nine.
